At Brother, we understand that at home or at work, every minute counts. Being confident that you have a device that you can trust and rely on, is just as important as the speed and ease of use.

With that in mind, we have invested in what matters to you - straightforward, uncomplicated, exceptional mono laser printing.

The line up of 9 mono laser devices, come packed full of uncompromising performance and efficiency features, all in a quiet and compact unit.

**Quiet,
no longer
means slow.**

Quiet without compromise

Print quietly without compromising on speed or quality, operating at the lowest decibel in class (under 50dB). All the models throughout the range are designed to sit on your desk, printing quietly at full speed while you work without interruption.

Designed to go the distance

Built to perform for longer, the new mono laser range has been designed with you in mind. Made from robust and hardwearing materials, and supported by outstanding service as standard. This new range gives you the peace of mind required when running a business.

Designed for the home and office.

Performance designed for the business of tomorrow

The new mono laser range comes with a host of time-saving features, ensuring that you are never waiting long for that important document. You can now be productive with industry leading print speeds of up to 34 pages per minute, with your first print appearing in just 8.5 seconds from ready mode.

Engineered with 250 sheet paper tray, together with automatic 2-sided print as standard, puts this range into a class of its own. The whole range is certified to Energy Star standard, meaning they are cost effective to operate, and efficient to run.

brother

Fast, quiet and compact

For toners don't compromise.

Peace of mind

Brother genuine toners are specifically designed for your printer. Protecting the fuser unit, and the internal components every time you print. Ensuring you have precision documents, every time.

Perfect results

Have guaranteed results every time. Your documents are important, and you don't want to run the risk of poor quality. By using Brother genuine toner, you can print crisp, sharp documents, that stand the test of time.

Long term savings

Don't compromise on the quality of your documents, or the reliability of your printer. By using genuine toners with your printer, you can be confident that you have effortless performance, and the quality when you need it.

For trouble free printing, stay Genuine

Brother
Earth

Working with you for a better environment

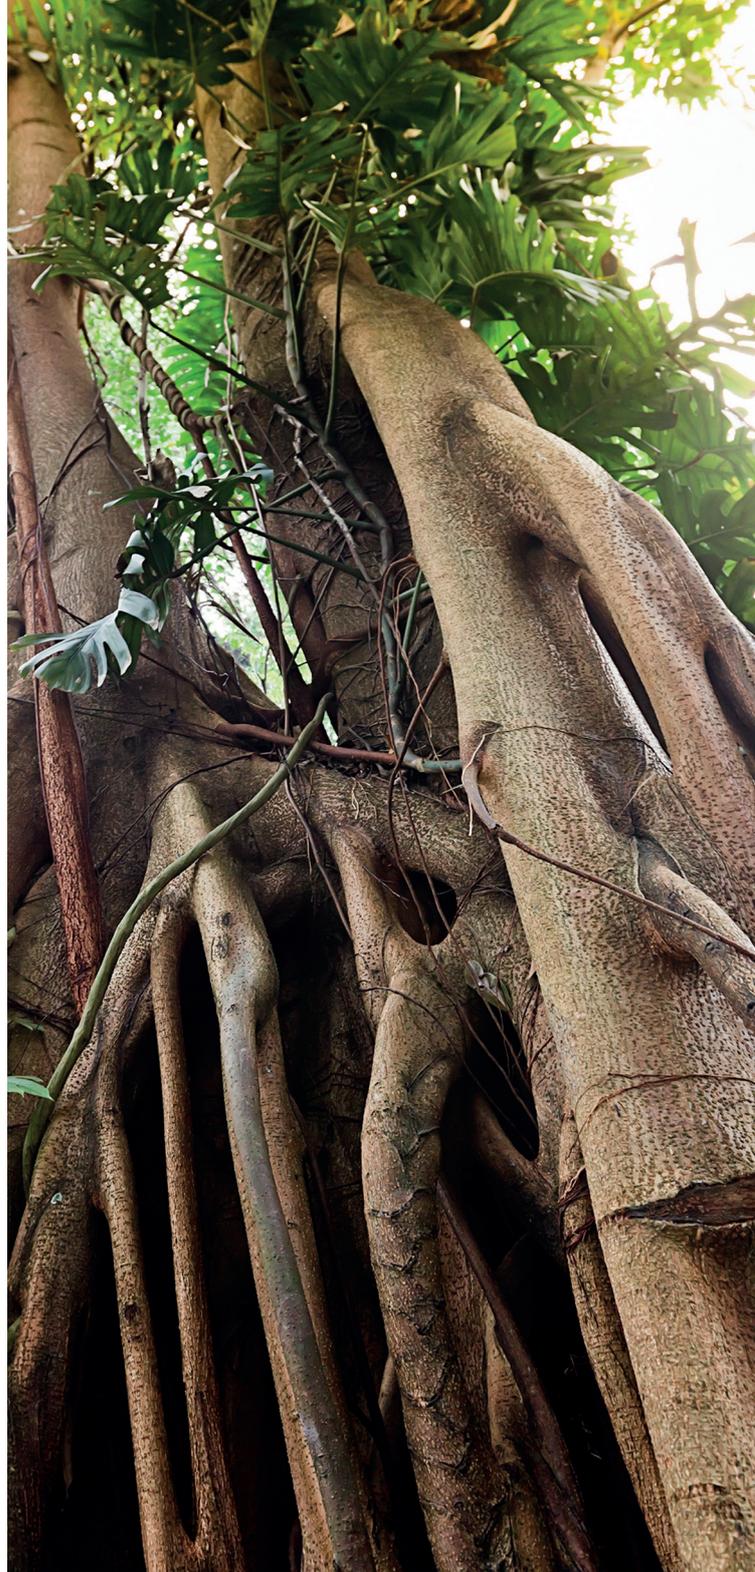

In Europe, and on a global scale, we continue to champion sustainable innovation in our products and pioneer new ways to recycle and refurbish. Through Brother Earth, we work with our customers, employees, and our manufacturers for a better environment.

You can get involved too. Through our 'Click For The Earth' scheme, we will make a donation on your behalf for every daily click you make on one of the 11 environmental projects you want to support.

Free return and recycle scheme protects rainforests

By sending us your used toner and inkjet cartridges, you are helping the environment and supporting our rainforest-saving charity Cool Earth. Since 2009, our support for Cool Earth's cause alone has kept 4.4 million trees standing and protected 7,500 acres of critically endangered rainforest in Peru and Papua New Guinea.

**The Brother Group
remains committed
to contributing
towards solving global
environmental issues.**
